Title of Paper

Text of paper begins here... Remember to indent each paragraph using the 'tab' key on the keyboard.

If you copy and paste text from another source, you may have to reformat the template to be Times New Roman 12 and double-spaced.

Works Cited

Type your citations here. Remember that they need to have a hanging indent and they need to be formatted according to MLA 9 ***in alphabetical order***. Sort citations manually; Word will not automatically alphabetize. This is a hanging indent (second and subsequent lines indented). To keep the hanging indent format, simply delete these lines of text using the backspace key, and replace the information with your works-cited-entry.
